**Bill Description**

H.F. 2338 (Olson):

A bill for an act relating to military affairs; modifying certain pay and allowances; establishing pension offset stipends; amending Minnesota Statutes 2024, section 192.49, subdivisions 1, 2, by adding a subdivision.

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MINNESOTA:

Section 1.

Minnesota Statutes 2024, section 192.49, subdivision 1, is amended to read:

Subdivision 1.

Officers.

Every commissioned officer of the military forces shall receive from the state, while engaged in any state active service ordered by the governor as defined in section 190.05, subdivision 5a, pay and allowances at the rate now or hereafter paid or allowed by law to officers of the same grade and length of service in the armed forces of the United States, but not less than \$130 a day.

Sec. 2.

Minnesota Statutes 2024, section 192.49, subdivision 2, is amended to read:

Subd. 2.

Enlisted persons.

When called into state active service by the governor, other than for encampment or maneuvers, including the time necessarily consumed in travel, each enlisted person of the military forces shall be paid by the state the pay and the allowances, when not furnished in kind, provided by law for enlisted persons of similar grade, rating, and length of service in the armed forces of the United States, or \$130 a day, whichever is more.

Sec. 3.

Minnesota Statutes 2024, section 192.49, is amended by adding a subdivision to read:

Subd. 2a.

Pension offset stipend.

The adjutant general is authorized to pay service members ordered into state active service a stipend equivalent to five percent of basic pay for the period of duty to compensate the service member for pension inequity compared to similar federal service.

**Assumptions**

Most Minnesota National Guard State Active Duty (SAD) (state active service) is reimbursed under two different arrangements. When reimbursed for SAD, there is minimal cost to the State of Minnesota as the result of this bill:

- Service reimbursed under Emergency Management Assistance Compact (EMAC), has no costs to the state under this bill. Minnesota is fully reimbursed for all costs as an "assisting" state to a state that requests services from Minnesota. Recent examples of EMAC service include Minnesota's assistance to the State of North Carolina for Hurricane Helene recovery, and to the State of Wisconsin for security assistance at the Republican National Convention (a National Special Security Event).
- Service reimbursed by the Federal Emergency Management Agency (FEMA) under the Stafford Act. When presidential emergency declarations are made, the state is reimbursed between 75% and 100% of all personnel costs including the pension offset established by this bill. Recent examples include: the COVID-19 pandemic which was reimbursed at 100%; and the floods in Southern Minnesota during the summer of 2024 which were reimbursed at 75%.

Small Minnesota National Guard activations that do not rise to the level of a presidential disaster would be covered by the State of Minnesota. The six year historical average is represented in line 3.1 Expenditures as the potential future outlay.

Examples in which the State of Minnesota would have a financial impact:

- Small flooding events that do not rise to the level of a federal disaster. An example would be the flooding that occurs on an annual basis in the Red River Valley. There were historic floods in the late 2000s and early 2010s, but flooding impact has been mitigated to a great extent.
- Snow/Ice/Wind storms that do not rise to the level of a federal disaster. These events are usually very short in nature, require the use of facilities only and/or a small amount of service members.

Quantitative historical examples by year:

Year - EO - Mission Type - Payroll \$ Amount - 5% Pension Offset Cost

Year	EO*	Mission Type	Payroll Amount	5% Offset
2021	21-29	Wildfire Suppresion	\$34,732.97	\$1,736.65
2022	22-02	Federal Trial Security	\$7,457.50	\$372.88
2022	22-08	Flood Support	\$36,358.18	\$1,817.91
2023	23-02	Winter Storm Response	\$4,049.08	\$202.45
2024	24-04	Search and Rescue Operations	\$2,374.05	\$ 118.70
2024	24-05	Flood Response	\$57,957.63	\$2,897.88

2025	25-02	Sheltering Assistance	\$1,994.52	\$99.73

\*Executive Order

**Expenditure and/or Revenue Formula**

Base pay is established by the Department of Defense based upon the Service Members pay grade and length of service:

<https://www.dfas.mil/militarymembers/payentitlements/Pay-Tables/>

Base pay (determined by day for SAD) would be multiplied by 5% to calculate the pension offset described in H.F. 2338.

Example:

A Sergeant (E-5) with 12 years of service earns \$4,259.70 per month or \$141.99 per day. If that service member would serve for seven days, their base pay would be \$993.93 (141.99 x 7). The pension offset of 5% for the seven days of service would be \$49.70; increasing the total pay to \$1,043.63.

**Long-Term Fiscal Considerations**

None.

**Local Fiscal Impact**

None.
